

# HEAVY DUTY DRILLING & TAPPING FLUID

- Heavy-duty fluid is designed to aid in drilling and tapping, while increasing productivity, promoting excellent finish, and extending tool life
- For use on all metals including both ferrous and non-ferrous materials
- Wide range of operations- drilling, tapping, reaming, boring, milling, sawing, and other machine operations
- Fluid is environmentally safe
- Wax stick can be used in lieu of fluids; the wax sticks to the tool while withstanding high heat
- Foamy aerosol coats the tool without contaminating existing coolant

Size	Contents	Packaging	EDP#
16 oz	<b>Heavy-Duty Drilling &amp; Tapping Fluid</b>	Clear Bottle	TDF-16
1 Gal	<b>Heavy-Duty Drilling &amp; Tapping Fluid</b>	White Bottle	TDF-128
5 Gal	<b>Heavy-Duty Drilling &amp; Tapping Fluid</b>	White Pail	TDF-640
20 oz	<b>Foamy Aerosol</b>	Aerosol Can	TDF-20
1 lb	<b>Wax Stick</b>	Stick	TDF-WS1
